Eoin Boyle

Master's Computer Engineering Student

A competent, hardworking, Master's of Computer Engineering student at Queen's University of Belfast, equipped with excellent interpersonal skills to tend to customers and to work well in a team. Experienced in many different sectors with a broad range of expertise and the ability to adapt and excel in new work environments.

Personal Details

Name: Eoin Boyle
Address: 34 Elaine Street, Belfast, United Kingdom
Postcode: BT95AR

Contact Details

Mobile Number : +353 83 884 6677
Email Address : eboyle29@qub.ac.uk

Experience

11/2025 - Present	**Role:**	**Duty Manager**
	Employer:	**Piccolo Kitchen Belfast**
	Duties:	Managing online and over-the-phone restaurant bookings. Handling and resolving customer complaints. Delegating tasks to Front of House Employees. Performing opening and closing procedures. Displaying impeccable reliability and work ethic. Maintaining a high level of service throughout the restaurant.
06/2024 - 05/2025	**Role:**	**Software Engineering Intern**
	Employer:	**Citi, Belfast**
	Duties:	Developing my general Software Engineering Skills, learning industry standard principles such as Git Version Control and the Agile work methodology. Showin exemplary attention to detail and due diligence when delivering features punctually and as per the user specified requirements. Gaining exposure to many technologies, specifically Java Spark, Big Data and HDFS. Extending my repsonibilites voluntarily by taking on Quality Assurance duties for other teams.
01/2020 - 03/2020	**Role:**	**IT Infrastructure Technician**
	Employer:	**Prudential, Letterkenny**
	Duties:	Diagnosing and repairing user company issued employee laptops. Imaging batches of new hardware for production use. Installing desk setups throughout the building. Managing the Active Directory.
Other work experience:		**Bartender and Waiter at The Radisson Blu Hotel (2 Years)** **Bike Repairman at Grassroutes Glenveagh (1 Year)** **Bartender at The Lagoon Termon (1 Year)**

Programming Languages

- *C, C++, Arduino C*
- *Java, Apache Spark Framework*
- *Hive SQL*
- *Verilog, VHDL*
- *Python, Sci-kit Learn, Keras*
- *MATLAB, Computer Vision Toolbox*

Core Competencies and Skills

- Interpersonal skills.
- Strong problem solving ability and initiative.
- Confidence and leadership qualities.
- Time management and efficiency.
- Adaptability.

Education

09/2022 - Present Queen's University, Belfast (Computer Engineering MEng with Year In Industry)

Projects:
Final Year Project: Intermittent Computing in an In-Ear Temperature Sensor:
Designing, programming and testing an intermittently powered MSP430 temperature sensing device. Investigating different power conscious computing techniques such as checkpointing and JIT combined with a TETRA circuit to minmise power consuming writes to non-volatile memory.

Digital Systems FPGA Design Project:
My task was to design a FPGA design for a Processing-In-Memory Unit for machine learning applications in AMD Vivado. This was accomplished by cascading a Carry-Save-Adder and Ripple-Carry-Adder in memory and presenting the waveform outputs.

Stage 1 Modules & Marks	**%**	**Stage 2 Modules & Marks**	**%**
Embedded Systems	*68*	*Embedded Systems 2*	*69*
Mathematics	*56*	*Mathematics 2*	*76*
Digital Systems	*56*	*Digital Systems 2*	*81*
Signals & Communications	*65*	*Communications 2*	*61*
Object Oriented Programming	*48*	*Data Structures and Algorithms*	*71*
Fundamentals of Electric Circuits	*72*	*Intro to Artificial Intelligence and Deep Learning*	*72*
Stage 3 Modules & Marks	**%**	**Stage 4 Modules & Marks**	**%**
Concurrent Programming	*74*	*Advanced Computer Engineering*	*tbd*
Deep Learning	*57*	*Parallel & Distributed Programming*	*tbd*
Video Analytics and Machine Learning	*71*	*Energy Efficient Computing*	*tbd*
Connected Health	*57*	*Fairness, Interpretability and Privacy in ML*	*tbd*
Engineering Entrepreneurship	*60*	*Final Year Project*	*tbd*

09/2016 - 06/2022 Loreto Community School, Milford. *Scored 543 CAO Points*

Interests and Hobbies

- Member of the Queen's Computing Society and Queen's Engineering Society.
- Building technology such as desktop PCs and a homemade monitor.
- Actively participate in high endurance sports such as running and cycling.

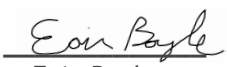

Achievements

- Zurich Barcelona Marathon 2025
- Moy Park Belfast City Marathon 2025 & 2026
- Murcia Marathon 2026.
- Voted 6th year prefect by my peers, tasked with mentoring a first year class, organising fundraising events and representing the school at functions.
- Irish Heart Foundation CPR Trained.
- CEFR Grade B2 in Spanish.
